

International Congress on PARASITES OF WILDLIFE

14 – 18 September 2014 Kruger National Park

**International Congress, PARASITES OF WILDLIFE
Kruger National Park, South Africa
14 – 18 September 2014**

Welcome Message

Dear Parasitology Colleagues

With great pleasure I invite you all to Skukuza in Kruger National Park (the crown jewel of Africa's Big Five game reserves) for the **International Congress on Parasites of Wildlife**. Kruger National Park in South Africa is synonymous with wild open spaces filled with an incredible diversity of wildlife, which makes it particularly fitting to serve as meeting place of members of the international parasitology community. This international congress is hosted by the Parasitological Society of Southern Africa (PARSA) and will also incorporate the 43rd annual meeting of our society. Our pledge is to help create a successful and memorable event for all parasitologists. In conjunction with the local organizing committee chaired by Prof Banie Penzhorn and a panel of internationally renowned parasitologists serving on the scientific committee, we assure you we will fulfill that pledge

**I look forward to seeing you
in the Kruger National Park in 2014.**

Sincerely,

Nico Smit
President: Parasitological Society of
Southern Africa
School of Biological Sciences, Potchefstroom
Campus, North-West University
Potchefstroom, South Africa

http://savetcon.co.za/Wildlife_parasites2014/

The Parasitological Society of Southern Africa (PARSA) is delighted to invite you to a three-day international congress on **PARASITES OF WILDLIFE**, to be held at the state-of-the-art Nombole Mdluli Conference Centre in Skukuza, the main tourist centre of the world-famous Kruger National Park. The optional fourth day (18 September 2014) will be devoted to workshops.

All parasitologists (biologists, zoologists, veterinarians, etc.) are invited to participate. Abstracts of studies on parasites of free-ranging as well as captive wildlife species will be considered for either oral or poster presentation. One of the planned workshops will focus on management of parasitoses in captive wildlife.

The scientific programme will start early (08:00) and end at 15:00 every afternoon, allowing ample time for game drives in the late afternoon. No driving is allowed in Kruger Park at night. All delegates will therefore have to stay in Skukuza. All accommodation has provisionally been booked. Accommodation ranges from luxury, river-view bungalows, self-catering bungalows and bungalows without kitchen facilities to two-bedded tents (communal ablutions) and campsites. All accommodation units have their own barbecue facilities. Tariff per unit per night is for one or two persons; there is a fee for a third person sharing the accommodation. The comfortable, en suite, thatch-roofed bungalows have either 2 or 3 single beds and are rented on a room-only basis. Skukuza camp has a cafeteria, two

IMPORTANT DATES

- Deadline for submission of abstracts: 14 March 2014 (Decision of scientific programme committee to be announced by 15 April 2014)
- Deadline for early-bird registration: 30 April 2014
- Deadline for regular registration: 30 July 2014
- Registration is a pre-requisite for booking of accommodation
- All accommodation bookings will require payment of a 50% deposit within 7 days, and the balance before 30 July 2014.

restaurants and a well-stocked shop that offers basic commodities (e.g. groceries, bread, vegetables, drinks, meat, toiletries, etc.). All coffee & tea breaks, lunches, the welcome reception and the gala dinner are included in the registration fees.
