SAVE THE DATE!

5th International Congress on Parasites of Wildlife

14-18 September 2025

Kruger National Park, South Africa

The Parasitological Society of Southern Africa (PARSA) is delighted to invite you to the 5th International Congress on Parasites of Wildlife (ICPOW), to be held at the Nombolo Mdhuli Conference Centre in Skukuza, the main congress centre of the world-famous Kruger National Park, South Africa, during 14-18 September 2025.

The congress provides a perfect opportunity to exchange research findings and engage in stimulating conversations around the broader theme of wildlife parasites. All parasitologists (in the fields of biology, taxonomy, systematics, evolutionary biology, epidemiology, veterinary science, etc.) are invited to participate. The event is an ideal opportunity to strengthen existing friendships and collaborations and forge new ones. As in previous years, the congress will be hosted by PARSA and will thus coincide with the 53rd annual meeting of the Society.
