

# **INTEGRATIVE VETERINARY MEDICINE CONFERENCE 2026 | SOUTH AFRICA**

**31 July - 02 August 2026 | Protea Hotel, Stellenbosch**

# Welcome Message

Dear colleagues,

## Welcome to the First Integrative Veterinary Medicine Conference, South Africa

It is with great excitement and pride that we invite you to attend the **First Integrative Veterinary Medicine Conference in South Africa** which will take place from 31 July – 2 August 2026 at the Protea Hotel Marriott Techno Park, Stellenbosch. This is a landmark event marking a new chapter in the evolution of veterinary care in our country.

Integrative Veterinary Medicine (IVM) represents the thoughtful integration of complementary therapies with conventional veterinary treatment, guided by the best available scientific evidence. Rather than replacing traditional medical and surgical care, IVM enhances it - supporting improved clinical outcomes, patient comfort, and long-term health management in modern veterinary practice.

Across the globe, veterinary professionals are embracing modalities such as acupuncture, rehabilitation therapy, therapeutic laser and ultrasound, integrative nutrition, herbal medicine, and massage therapy as valuable adjuncts to conventional care. Veterinary institutions worldwide are recognising this important shift. In fact, surveys of American Veterinary Medical Association-accredited colleges reveal that the majority now incorporate some level of IVM teaching or clinical service - underscoring its growing role in evidence-based veterinary medicine.

This inaugural South African conference will bring together 50-70 respected international and local clinicians, educators, and practitioners who actively practice and teach integrative approaches. Over the course of the event, you can expect:

- Practical, evidence-based learning
- Real-world case applications
- Interactive discussions and collaboration
- Expanded clinical tools for everyday practice

We warmly invite veterinarians, veterinary nurses, rehabilitation practitioners, and students to join us in shaping the future of veterinary medicine in South Africa.

Be part of this pioneering gathering. Expand your knowledge. Strengthen your practice. Help lead the way in integrative veterinary care.

We look forward to welcoming you.

## Why partner with us?

By sponsoring the inaugural IVM Conference, your organisation will:

- Position itself as a leader in the evolving integrative veterinary field
- Gain direct access to a targeted, engaged professional audience
- Strengthen brand visibility and credibility
- Build meaningful relationships with key industry stakeholders
- Demonstrate commitment to professional development and innovation

As a founding partner of this inaugural event, your brand will be aligned with shaping the future of veterinary care in South Africa.

# Opportunities

Industry involvement is one of the key elements to the success of the IVMSA 2026.

The conference provides a number of Sponsorship and Exhibition opportunities to suit your organisation's requirements and objectives, with great benefits. We will also offer you the ability to customise/tailor your preferred package to meet your specific marketing and budgetary requirements.

Your presence and contribution enhance the overall scientific impacts of the meeting - through promotional opportunities, scientific exchange and community engagement. In principle, all sponsors will be treated on a "first come, first served" basis and will be mentioned in all Conference Publications, such as the Final Programme and the Conference Website.

On behalf of the Organising Committee, we look forward to welcoming you as a valued Partner, Sponsor or Exhibitor at the Conference.

## Why do you need to participate

### Access to a Targeted and Engaged Audience

The conference will attract veterinarians, animal health professionals, researchers, and industry decision-makers specifically interested in integrative and holistic approaches. Sponsors get direct access to this niche, highly relevant group, which enhances lead quality and conversion potential.

### Brand Visibility and Positioning

Being featured at a first-of-its-kind national event positions sponsors as *leaders* and *innovators* in the veterinary and animal health space. Conference branding, signage, program mentions, and exhibitor opportunities boost visibility among professionals who shape purchasing and referral practices.

### Networking and Relationship Building

Sponsors can connect directly with:

- Practicing veterinarians
- Clinic owners and managers
- Researchers and academics
- Veterinary students and future professionals

These relationships can lead to partnerships, collaborations, product trials, and long-term business opportunities.

### Market Research and Insights

Interacting with delegates offers real-time feedback on products, services, and industry needs. Sponsors can gather insights on challenges, preferences, and emerging trends in integrative veterinary medicine.

### Support and Advancement of the Profession

By sponsoring, companies signal support for professional development and the growth of integrative approaches in animal health. This can strengthen goodwill with practitioners and the broader veterinary community.

### Media and Promotional Exposure

Sponsors often benefit from:

- Pre-event marketing (emails, social media, websites)
- On-site exposure
- Post-event follow-ups and materials

This multiplies reach beyond the event itself and reinforces brand recall.

### Competitive Advantage

Being an early sponsor in a new conference sets a company apart from competitors, especially in a market like South Africa where integrative veterinary medicine may be an emerging focus.
